Hi Team

Just a quick update on how the 2011 UFBA Annual Conference and AGM held in Invercargill went.

APFBA Executive take GREAT pride in being what appears to be the new and established training ground for UFBA Executive roles—please note and congratulate the following people on the new office

- Past President Garry Stanley (Ex Matamata VFB) is now Patron of the UFBA
- CFO Glen Williams (Te Puke VFB) is now a UFBA Board member
- CFO Brian (Tiny) Waters (Morrinsville) is now Vice president.
- Also in a funny twist of fate, it has been noted by our Executive Officer that a re-elected UFBA Board member Pat Fitzell was also a former Member of the Matamata VFB.

Please take time to read my presentation from conference for the key notes around what the APFBA is currently working on.

We are looking to work closely with the UFBA on several matters over the next 12-18 months, for example the current CFO/DCFO tenure proposal and some issues around waterway challenge rulings.

Also read the recent UFBA colour Newsletter on the detail around conference your brigade received.

Merry Xmas

**Mark Gummer**  
**President**
